Revalidation of further types according to EASA-FCL.740.H

A pilot who successfully completes a skill test for the issue of an additional type rating shall achieve revalidation for the relevant type ratings in the common groups.

The revalidation of an IR(H), if held, may be combined with a proficiency check for a type rating.

An applicant who fails to achieve a pass in all sections of a proficiency check before the expiry date of a type rating shall not exercise the privileges of that rating until a pass in the proficiency check has been achieved. In this case, the applicant shall not exercise his/her privileges in any of the types in the relevant group.

To revalidate a single-engine piston helicopter type rating within a group the applicant shall complete:

- 1) Minimum 2 hours as PIC in the relevant helicopter type within the validity period
- 2) The proficiency check shall be performed each time on a different type.
- 3) Complete table page 1 for Type Ratings to be revalidated with this proficiency check and indicate type used for last proficiency check

To revalidate a single-engine turbine helicopter type rating (MTOW < 3'175 kg) within a group the applicant shall complete:

- 1) Minimum 300 hours PIC on helicopters
- 2) Minimum 15 hours on each of the types held; and

at least 2 hours of PIC flight time on each of the other types during the validity period.

- 3) The proficiency check shall be performed each time on a different type.
- 4) Complete table page 1 for type ratings to be revalidated with this proficiency check and indicate type used for last proficiency check.

Skill test for TR on SPH ME (H)

e) Hold a certificate of satisfactory completion of a pre-entry approved course in accordance with EASA FCL.720.H (C) conducted by an

	ATO (required only for the first multi engine helicopter type rating)		
	Certificate of satisfactory course completion; or		date:
	Theory in accordance with EASA FCL.515 (a)(b) for helicopters		date:
f)	Flight experience as PIC(H)		hours:

By	sign	ing	this	form,	I declare:
----	------	-----	------	-------	------------

1.	I do not possess a pilot licence, certificate, rating, authorisation or attestation with the same scope and in the same cat
	egory issued in another EASA Member State.

2.	have not applied for a pilot licence, certificate, rating, authorisation or attestation with the same scope and in the same
	ategory issued in another EASA Member State.

Name:

Location & date: ______ Signature of applicant: ______

^{3.} I have never possessed any personnel licence, certificate, rating, authorisation or attestation with the same scope and in the same category issued in another EASA Member State, which was revoked or suspended in any other EASA Member State.

^{4.} that the information provided are correct. I am aware of the consequences of providing false information, such as being denied a license, certificate, rating, authorisation or attestation, or having it revoked or cancelled

Specific requirements for the helicopter category

In case of skill test or proficiency check for type ratings and the ATPL the applicant shall pass sections 1 to 4 and 6 (as applicable) of the skill test or proficiency check. Failure in more than 5 items will require the applicant to take the entire test or check again. An applicant failing not more than 5 items shall take the failed items again. Failure in any item of the retest or re-check or failure in any other items already passed will require the applicant to take the entire test or check again. All sections of the skill test or proficiency check shall be completed within 6 months.

In case of proficiency check for an IR the applicant shall pass section 5 of the proficiency check. **Failure in more than 3 items will require the applicant to take the entire section 5 again**. An applicant failing not more than 3 items shall take the failed items again. Failure in any item of the re-check or failure in any other items of section 5 already passed will require the applicant to take the entire check again. Contents of the type rating skill test/proficiency check for single-engine and multi-engine single-pilot helicopters (including proficiency checks for the instrument rating)

The starred items (*) shall be flown in actual or simulated IMC, only by applicants wishing to renew or revalidate an IR(H), or extend the privileges of that rating to another type.

Instrument flight procedures (section 5) shall be performed only by applicants wishing to renew or revalidate an IR(H) or extend the privileges of that rating to another type. An FFS or FTD 2/3 may be used for this purpose.

Where the letter "M" appears in the skill test or proficiency check columm this will indicate the mandatory exercise.

An FSTD shall be used for practical training and testing if the FSTD forms part of a type rating course. The following consideations will apply to the course:

- (a) the qualification of the FSTD as set out in Part-OR;
- (b) the qualifications of the instructor and examiner;
- (c) the amount of FSTD training provided on the course;
- (d) the qualifications and previous experience in similar types of the pilot under training; and
- (e) the amount of supervised flying experience provided after the issue of the new type rating.

Note:

The examiner may elect do deviate from any given procedure stated in the skill test / proficiency check if, in his judgment, the outcome of a maneuver may jeopardize the safety of the aircraft or it's occupants. The reasons for deviating from a mandatory maneuver shall be stated in the remarks.

Hinweis:

Innert 10 Tagen nach Zustellung des Ergebnisses vom Skill Test/Proficiency Check kann beim Bundesamt für Zivilluftfahrt, 3003 Bern, schriftlich die Ausstellung einer beschwerdefähigen Verfügung über das Prüfungsresultat verlangt werden.

Remarque:

Il est possible, dans les dix jours suivant la communication du résultat du Skill Test/Proficiency Check d'obtenir, sur requête écrite auprès de l'Office fédéral de l'aviation civile, 3003 Berne, une décision susceptible de recours portant sur le résultat dudit examen.

Avviso:

Entro dieci giorni dall'invio dei resultati dello Skill Test/Proficiency Check può essere richiesta per iscritto all'Ufficio federale dell'aviazione civile, 3003 Berna, una decisione impugnabile sull'esito dell'esame.

Remark:

Within 10 days after receipt of this skill test/proficiency check result, an appeal able decision about the test / check results may be demanded by writing in one of the official languages (German/French/Italian), to the Federal Office of Civil Aviation, 3003 Bern.
